RE: Amendment, Temporary Coal Stockpile, Utah Fuel Company, Skyline Mine,
ACT/007/005-90G, Carbon County, Utah

Dear Lowell:

We have reviewed the amendment submitted to the Division by Utah Fuel Company on October 1, 1990. We hereby consent to the amendment subject to the following conditions:

1. Surplus soil material to be placed on the hillside must not come from topsoil stockpiled for final site reclamation.
2. The seed mixture to be used in the spring of 1991 must be consistent with the Interim Reclamation Seed Mixture identified in the Mining and Reclamation Plan.
3. The temporary coal stockpile will be used only until construction of the coal stacking tube is completed.
4. Site cleanup, reclamation and revegetation efforts must be completed as soon as site conditions permit this action in the spring of 1991.

If you have any questions, please contact us at the Forest Supervisor's Office in Price, Utah.

Sincerely,

for
GEORGE A. MORRIS
Forest Supervisor
